F	$F < 180$		

Rules

- Turn off your cell phone. Your k -th ring will cost you $3^{k-1} - 1$ points.
- You are not allowed to use any kind of calculator on quizzes and tests.
- A single page of cheat sheet (of the size of this sheet) is allowed on quizzes and tests. There is no limitation on what you can put on this sheet.
- For taking a make up quiz or test, proper supporting documentation will be required.

After-Class Study

After every class, you are expected to spend at least three hours to review and to do the homework. Postponing spending this time means either you have to spend much more time (to recall what we did in class) than you would otherwise spend or you won't have enough time to get what you are supposed to learn. So you are **strongly recommended** to finish your homework the day it is assigned, not days or weeks after.
